EDUCATION IN TECH

Launchcode, Memphis, TN

Currently enrolled and taking classes to further my knowledge in other languages such as Python, SQL and Java.

Leader at Code Connector, Memphis, TN

I am a leader at Code Connector and Host coding meetups in North Mississippi. I am also a leader in the Memphis meetups. Code Connector is a non-profit that helps gets people wanting to code get connected with mentors, meetups, communities, education, and companies that have their best interest in mind. It also sets up meetups for established developers to meet together to work together as well as aid new developers in their journeys.

EXPERIENCE

D&H Gill Corp. — Director Of Operations

December 2009 - PRESENT

Influencing, leading, and delegating abilities to employees at multiple retail locations. Manage cross-functional teams and adapt under pressure to reach our end goals. Coach, mentor and conduct the training of staff, including overseeing new employee onboarding and providing career development planning and opportunities. Maintain payroll information by designing systems; directing the collection, calculation, and entering of data. Negotiate buying agreements with vendors to maximize profit margins. Increased revenue by 65% with vendor and project negotiations.

Central Payment Corp— Account Executive

2008 - 2010

Utilize excellent verbal communication skills and persuasiveness to convey our products to potential business owners. Through strong networking skills create a pipeline of repeat business and satisfied clients. Create presentations outlining the benefits our company can have potential small businesses.
